

# Become a KIND Client Ambassador

Use the power of your voice to help KIND teach others about young people like you who come to the United States alone and why it is important for the U.S. to help protect unaccompanied children.

KIND Client Ambassadors help affect change by sharing their stories widely to promote knowledge of unaccompanied children and their needs.

## What you need

A desire to share your story and experiences publicly to help your peers and to educate others.

## What you receive

Training, peer networking, new skills and experiences, KIND swag – and the chance to make a difference!

## Contact Us
